Our Mission

The mission of AcadeMir Charter School West is to provide students with a well-rounded K-8 school education, through a challenging program, focused on mathematics and science using innovative, reform-based instructional methods in a stimulating and nurturing environment that fosters maximum student achievement.

Our Purpose

The purpose of AcadeMir Charter School West is to prepare students to reach their maximum potential in all subjects with special emphasis on Science, Technology, Engineering, Mathematics (STEM) and Reading using research based proven exemplary curricula and enhancement programs. The school program incorporates critical thinking, communication, collaboration, creativity, and technological literacy in order to prepare students for post-secondary studies and career demands of the 21st Century. -

Vision

The vision for AcadeMir Charter School West is to provide students with a challenging and rigorous curriculum enabling students to be well prepared for higher education and life through adherence to an unwavering mission, shared purpose, and clearly articulated goals. Students will experience a cross curricula instructional approach in math, science and reading. Our program allows for scientific exploration and mathematical application along with technology integration through real world connections: by incorporating critical thinking, communication, collaboration, creativity and technological literacy that goes far beyond the basic knowledge to meet the challenges of the 21-century global economy. Our goal is to develop students into critical thinkers, and problem solvers by providing them with hands-on learning experiences that will enable all students to achieve academic success and become lifelong learners.

Educational Philosophy

AcadeMir Charter School West philosophy is to fully prepare students to carry the torch of knowledge through its proven curricula, as well as the freedom and prosperity that is passed from generation to generation in this great country. Encouraging the use of innovative learning methods is a vital part of providing an educational program that truly meets the needs of all children. All learners possess areas of strength and areas of weakness and therefore, they express and receive knowledge in many ways. Effective teachers understand the need to differentiate instruction for all students in order for learning to occur. Understanding a student's area of intelligence, learning style, and/or learning preference is one-way teachers can positively impact a student's ability to learn. The role of the teacher is to observe what their students are doing, figure out why they are doing it that way, and to give them the right kind and amount of information and feedback so they may solidify their learning and perform what they have been taught. Students must be able to make sense of what is taught if they are going to apply their learning in other situations.

Absences and Tardies

When a student returns to school after an absence, a note **MUST** be brought from home within the first three days they have returned, otherwise, the absence will be considered unexcused. Acceptable excuses for students' absences are: illness, a death in the family, a school-sponsored event or activity that has been previously approved and/or a religious holiday. ACSW can only accept up to 10 handwritten/typed parent notes in one school year. After that only medical notes will be accepted to excuse the absence. If a student is absent for 3 or more days consecutively, only a doctor's/hospital note would excuse the absences. Parents will be required to meet with administration for any students who have 6 or more unexcused absences in one nine-week grading period. Ten or more unexcused absences will result in truancy procedures and students will follow district discipline policies. Class instructional time is very important to your child's progress and academic success, thus students are expected to be in school daily and on time by 8:30 AM. Any student who arrives after 8:30 AM will be marked tardy.

Make-up Work Policy:

Make-up work shall be accepted for full credit and grade for excused absences. Make-up work shall be accepted for unexcused absence for partial credit. All make-up work must be submitted within three days after the return to school.

Cafeteria Program

Breakfast: \$2.00 Daily

Lunch \$ 3.00 Daily (includes milk)

All parents must pay for lunch on a "monthly" basis.

Payment for the month is made only the **Wednesday** before the new month begins. Payment must be made in cash or check.

Breakfast and lunch will be served in the cafeteria. If a child forgets their lunch he/she will be provided with lunch that day. Students will not be permitted to call home. **NO LUNCH CHARGES** can be made since public funds do not allow schools to extend credit. Students are not allowed to bring soda, candy or gum to school.

Since we are trying to promote healthy eating habits, we request that fast food not be brought to school. Parents are not allowed to drop off lunch in the middle of the day. Students are required to bring in their lunch in the morning or purchase lunch from the cafeteria.

WE ARE A PEANUT FREE SCHOOL. We ask that if your child brings their own lunch that they do not bring food that contain peanuts. If your child has a food allergy we make cafeteria seating accommodations for them. Teachers will also make classroom adjustments to make sure children with allergies are safe. All students' cum folders, classrooms and cafeteria tables will be labeled if there is a student with a food allergy to ensure the safety of the student. *If your child has an allergy please make sure to notify the main office and your child's homeroom teacher.*

Free and Reduced Lunch Program

The National School Lunch and School Breakfast Programs provide free and reduced priced meals for children unable to pay the full price. Applications must be filled out on a yearly basis. Once the application is approved, meal benefits begin and will continue throughout the school year in which the application is approved, and extends for approximately the first two weeks the following year. Please click [here](#) to submit a lunch application.

Conduct in the Cafeteria

Students should eat in an atmosphere that is pleasant and conducive to good habits. It is recommended that parents discuss good cafeteria manners with your child. We promote and expect the following behaviors while in the cafeteria: use low voices, raising their hand if they need something, and remain seated during the lunch period at the assigned table, keep hands and feet to yourself at all times, no sharing of foods, clean your area and throw out trash when prompted to by cafeteria attendant.

Communication

Communication is absolutely essential for success in any human endeavor. The administration and staff recognize this and will strive to facilitate open and frequent communications with parents at all times. We ask that you make us aware of any of the following in writing:

- Excessive absences from school due to an illness
- A change in the emergency contact information or authorization to release form
- Notification of any change in transportation

Parent-teacher conferences are an important part of our program. We encourage getting to know your child's teacher and Principal. Please make appointments for conferences by telephoning the office or writing a note to the teacher. If you have any additional questions or concerns, please make an appointment with the Principal or Assistant Principal. Parent/teacher conference may be set up before or after school. We ask that you refrain from calling teachers during class time, holding a conference in the parking lot or at a social event.

School Communication Procedure

AcadeMir Charter School West utilizes "School Messenger" to contact parents with pertinent school information. All telephone numbers and email addresses are updated from the MDCPS DSIS record system Any corrections or additions that need to be made must be done in person with the schools' registrar.

Confidential Information

Parents, guardians and students are protected by The Family Educational Rights and Privacy Act and the Florida Statutes from individuals' access to information in students' educational records and provide the right to challenge the accuracy of these records. These laws provide that without the prior consent of the parent, guardian or eligible student, a student's records may not be released, except in accordance with the provisions listed in the above-cited laws. The laws provide certain exceptions to the prior consent requirement to the release of student records, which include, but are not limited to, school officials with a legitimate educational interest and lawfully issued subpoenas and court orders. Each school must provide to the parents, guardians or eligible students annual notice in writing of their right to inspect and review student records. Once a student reaches 18 years of age or is attending an institution of post-secondary education, the consent is required from the student only, unless the student qualifies as a dependent under the law.

Emergency Contact Information

Student Data/ Emergency Contact Cards are expected to be carefully completed and then returned to the school. The information provided on the Student Data/Emergency Contact Card will enable school staff to contact the parent/guardian immediately in the case of an emergency. Students may only be released from school to the persons listed on the emergency contact card after presenting picture identification. If at any time your information changes please visit the main office to update your information. No persons, other than school staff, will have access to the information submitted. Submit in writing any changes to your child's transportation via email, letter or fax.

Family Rights and Privacy

The revised Family Rights and Privacy Act became a Federal law in November, 1974. The intent of this law is to protect the accuracy and privacy of student educational records. Without your prior consent, only you and authorized individuals having legitimate educational interest will have access to your child's records.

Accidents

Parents will be notified immediately in case of illness or an accident. In case you cannot be located, the school will use the name and telephone number of your emergency contact. It is imperative that the emergency contact is accurate.

911 will be called for critical injuries that require the type of care that school personnel cannot offer the student, and the parent or emergency contact will be notified. An accident report will be completed and filed for everyday accident. You are requested to notify the office of any accident or injury, your child has had before returning to school. Please notify the office of any accident or injury going from school, or during school hours if you have not been informed by his/her teacher. An accident report will be filed by the classroom teacher or other personnel witnessing the accident. Parents will be asked to sign receipt of the report and given a copy for their records.

Birthday Celebrations

Birthday parties are **NOT** allowed, due to high allergies food, cake, cupcakes and candies are not permitted. In addition, in an effort to maximize academic instructional time non-academic interruptions are limited. However, classroom teachers will acknowledge a child's birthday and celebrate the birthday without impacting instruction.

Medication

Miami-Dade County School Board policy prohibits school personnel from administering any prescribed medication without parental consent and a medication authorization form signed by the child's physician and parent(s).

Students may not keep medication in their book bags. Teachers are not authorized to administer medication in the classroom. All medication must be administered in the office by trained personnel and only after an *Authorization for Medication Form MDCPS (FM 2702E)* has been submitted. This form is available in the main office and must be kept in the medication binder and will be located in student cumulative records. This form must be filled out by the pediatrician or family doctor.

Medication must be brought to school in the original container with a label that clearly displays the following information: the child's name; dosage; name of the drug; physician's name; and the name and phone number of the pharmacy that filled the prescription.

COVID-19 PROTOCOLS

Symptom Identification, Positive Case Identification, Contact Tracing, and Assessing School Closure:

Parents will be expected to do a temperature and symptom check each morning for their child. If a student is sick, they must stay home. Additionally, parents should check for common COVID-19 symptoms. Symptoms among children include fever, headache, sore throat, cough, fatigue, nausea/vomiting, and diarrhea. If a child has a temperature over 100.4 degrees (without fever-reducing medication), the parent/caregiver should wait fifteen (15) minutes and recheck the temperature to confirm if it remains elevated. If a student is sick including presenting with a temperature above 100.4 degrees and experiencing COVID-19 symptoms they must stay home, contact their health care provider, and the parent must notify the school immediately. In the case that a student begins to exhibit COVID-19 like symptoms during school hours, every school will have a designated isolation room so that they are not interacting with other students. A staff member will be assigned to stay with the student and monitor the student's symptoms. The parent or guardian will be notified and asked to pick the student up as soon as possible. The isolation room will also be sanitized immediately after each use.

Masks are optional. In the event a student or staff member tests positive for COVID- 19, or other specified communicable disease, the school site will initiate a contact investigation to determine who may have been exposed to this student or staff member.

These types of cases will be reported to the Florida Department of Health in Miami-Dade County. Any school-wide or classroom closures will be determined in collaboration with the Florida Department of Health in Miami Dade County. AcadeMir Charter Schools will also follow guidance from the Florida Department of Health in Miami-Dade County for any school-wide or community notification that is deemed necessary. If a school closure is necessary, cleaning and sanitization protocols will be implemented. Schools and classrooms will reopen after the risk of exposure has been fully evaluated.

Social Distancing:

To prevent the clustering of people in hallways or rooms the following will be implemented:

- Each stairway will be one direction, to avoid students going in different directions at the same time.
- Restrooms will be limited to 2 people at a time.
- Elevators will be limited to 2 people at a time.
- Classroom Configurations: Non-essential furniture will be removed from the classroom when possible, to increase the distance between student desks.

Visitors

Upon arriving, all visitors will be required to check in at the main office. Face coverings are optional while on campus. All visitors will follow all protocols established at the school site such as adhering to directional hallways, social distancing, and respecting bathroom and elevator capacity limits.

Emergency Evacuation

Your child's safety is one of our major concerns; therefore we need to be prepared for the unexpected. We hold monthly fire drills and conduct monthly emergency lockdown and evacuation drills to help prepare students and staff for any emergency that may arise. Under extreme circumstances we would need to evacuate the building. Depending on the situation, the local police will determine the location. **Under no circumstances will parents be allowed to pick up their child at school during an evacuation period.** Our goal is to evacuate the entire building safely. Please wait patiently for a phone call from our office staff telling you the location and procedures for picking up your child. The media is always helpful with disseminating information regarding evacuations and procedures as well. **Students will only be released to the people identified on the emergency contact form. Please bring proper identification (a picture ID) when picking up your child. Please keep in mind, it is important to notify the office immediately when there is a change in home/cell phone numbers.**

Emergency Procedures

In the event of an emergency, the primary responsibility of all personnel is to provide for the safety of students. If a school administrator announces a possible threat to students and staff safety exists within the community (Code Yellow), or an imminent threat to students and staff safety exists within the school (Code Red) students, faculty and staff will comply with all the procedures outlined in the ACSW Critical Incident Response Plan. The school will perform regular monthly emergency lockdown drills throughout the school year.

Fire Drills

Ten fire drills will take place according to the Miami-Dade County Public School Policy and Emergency Procedures. At the sound of the emergency bell, students must stop what they are doing and follow the teacher's instructions. They must clear the building promptly by the prescribed route. Any student who is in the hallway or the restroom at the sound of the emergency bell must proceed to the nearest exit and locate the teacher.

Students, teacher and staff must remain outside the building until permission is given to re-enter

School Closings and Delays:

AcadeMir Charter School West will follow the lead of Miami Dade County Public Schools. When the sponsoring district closes, AcadeMir Charter School West closes. When the sponsoring district re-opens, AcadeMir Charter School West re-opens. As with inclement weather, community incidents may require us to cancel classes, open schools late or close them early. In such a situation, the following plan goes into effect. Please listen to the media for information on the closing and re-opening of AcadeMir Charter School West during a hurricane.

- The school's Threat Assessment Team will monitor and manage the situation.

ACADEMIC INTEGRITY

All AcadeMir Charter School Students are expected to be honest and cheating and/or plagiarism will not be tolerated and will result in an immediate “F” and will be communicated with the corresponding parents right away. As per the MDCPS Code of Student Conduct, “the code of student conduct sets the standards for conduct expected of students in a purposeful safe learning environment in which the principles of care, courtesy, civility, fairness, acceptance of diversity, and respect for the rights of others is valued. It also addresses the role of the parents/guardians, the students, and school, but also focuses on core values and model student behavior, rights and responsibilities of students, addressing student behavior, and disciplinary procedures.

What is academic integrity?

Academic integrity is an ethical code, whereby the student guarantees that all work submitted is the student’s own work

Why is academic integrity important?

When students submit an assignment that is not their own original work, there are two issues involved: Students are earning credit for learning material for which they have not demonstrated mastery; and they may be violating the policies of the school.

What are some examples of academic integrity violations?

There are two kinds of academic integrity violations. One is “plagiarism” and the other is “cheating.”

1. Plagiarism is defined as an act or instance of using closely imitating the language and thoughts of another author without authorization and the representation of that author’s work as one’s own, as by not crediting the original author.
 - a. Some examples are, but not limited to the following:
 - i. Copying and pasting a report from the Internet and representing it as your own work.
 - ii. Using information from an encyclopedia, book, textbook, website, database, etc., without citing the source
 - iii. Using another student’s work in whole or part and handing it in as one’s own
 - iv. Using online translators for assignments and assessments.
2. Cheating - To influence or lead by deceit, trick, or artifice or to practice fraud or trickery to violate rules dishonestly.
 - a. Some examples are, but not limited to the following:
 - i. Providing questions/answers/ works to another student
 - ii. Obtaining or attempting to obtain, prior to examination, either copies of used questions or illegal knowledge of such questions

The emphasis of AcadeMir Charter School West’s academic honesty policy is on prevention, and on students learning the appropriate skills of citing work from other authors. In the event that students are suspected of classroom cheating, plagiarism or otherwise misrepresenting their work, he/she will be subject to all applicable forms of discipline defined by the administration, which include, but are not limited to:

- Meeting with the school counselor regarding the incident
- A failing grade on the assignment or assessment
- A referral will be sent to administration and recorded on the students’ academic/behavior record
- A parent-teacher conference will be scheduled with the school counselor and/or administration

Academic Grades: Academic grades are to reflect the student's academic progress. The grade must provide for both students and parents a clear indication of each student's academic performance as compared with norms that would be appropriate for the grade or subject.

Conduct Grades

Conduct grades are to be used to communicate clearly to both students and their parents the teacher's evaluation of a student's behavior and citizenship development. These grades are independent of academic and effort grades. The conduct grade must be consistent with the student's overall behavior in class and should not be based on a single criterion. The conduct grading system is as follows:

First – Fifth Grade Codes and Descriptions

Conduct Academic grades	Conduct Grades Descriptions
A	Reflects excellent behavior on the part of the student. The student consistently demonstrates outstanding behavior consistent with classroom, school, and district standards.
B	Reflects consistently good behavior. The student meets established standards for student conduct.
C	Reflects satisfactory behavior. The student's overall behavior is generally acceptable according to established standards of conduct.
D	Shows that improvement is needed in the student's overall behavior. The student does not consistently demonstrate behavior which is acceptable.
F	Reflects unsatisfactory behavior overall. The student regularly violates established classroom, school, or district standards of behavior.

Effort Grades

Effort grades are utilized to convey both to students and their parents the teacher's evaluation of a student's effort as related to the instructional program. These grades are independent of academic and conduct grades. In assigning an effort grade, the teacher must consider the student's potential, study habits, and attitude.

Grades 1-8: Three numerical grades are used to reflect effort in grades 1-8.

Effort Grades	Effort Grades Descriptions
1	Indicates outstanding effort on the part of the student. The student will, when necessary, complete a task again in order to improve the results. The student consistently attends to assigned tasks until completed and generally exerts maximum effort on all tasks. The student consistently works to the best of his/her ability.
2	Indicates satisfactory effort on the part of the student. All work is approached with an appropriate degree of seriousness. The student usually finishes assignments on time and usually stays on task. The student usually works at a level commensurate with his/her ability.
3	Reflects insufficient effort on the part of the student. Little attention is paid to completing assignments well and/or on time or to completing them in a manner commensurate with the student's ability.

STUDENT PROGRESSION PLAN AND PLACEMENT POLICY

The guidelines for student progression are delineated in this 2020-2021 Student Progression Plan for Miami-Dade County Public Schools, School Board Policy 5410, which provides guidance to teachers, school and district administrators, parents and other stakeholders regarding the requirements and procedures for students to progress from one grade to the next and kindergarten through grade 12. The Florida Legislature requires that each district school board establish a comprehensive plan for student progression, as outlined in Florida Statutes § 1008.25(2). Specific case by case promotion, placement and retention information is explained in detail in the MDCPS- e- handbook "Student Progression Plan" (SPP). AcadeMir Schools Inc. in agreement with its Board of Directors and MDCPS as the authorizing agent for AcadeMir Schools Inc., adheres and opts to follow the District SPP which can be found in detail at handbooks.dadeschools.net/policies/93.pdf.

Initial Entry Requirements

School Board Policy 5112 - Entrance Requirements establishes the admission and registration requirements for students entering school to include specific information regarding initial entry, proof of age, birth certificate, and verification of residence, health and immunization requirements, etc. Students enrolling from out of state, other districts in Florida, or who are foreign born, must adhere to the same admission and entrance requirements for registration.

Grade Placement

The grade placement of students registering from within the state, other states, non-public schools, home education programs, or other countries, will be determined by the principal of the receiving school, after an evaluation of the student's record has been made.

Credits should be interpreted so that the requirements for promotion and graduation are not retroactive, provided the student has met all requirements for the grade placement in the school or home education program from which the student is transferring.

Age Discrepancy

In the absence of educational records or if a student's records reflect an age discrepancy of two years or more, placement will be according to chronological age. Below is a chronological age placement table. This is the AVERAGE placement according to age. Promotion and retention guidelines found in School Board Policy 5410 affect a student's placement. More detailed information can be found at handbooks.dadeschools.net/policies/93.pdf.

Student Chronological Age Assignment Table

Age of students	Grade Level Assignment
Ages 5-10	Elementary School
11	Elementary school or middle school depending on the grade configuration of the school
12-13	Middle School
14	Middle school or high school depending on the grade configuration of the school
15 or older	Senior high school

Home Learning

Home Learning Assignments are a very important part of learning. Developing the habit of nightly study requires parental help and guidance. This is another way to reinforce what was learned in the classroom and a means of allowing the parents to be a part of our curriculum goals.

Teachers use the following time schedule as a guide when assigning home learning:

Grade K:	30 minutes
Grade 1:	30 minutes
Grade 2:	45 minutes
Grade 3:	45 minutes
Grade 4:	60 minutes
Grade 5:	60 minutes
Grade 6:	60 minutes
Grade 7:	60 minutes

All grades are required to complete 45 minutes weekly computer based instructional practice in iReady (Reading) and 45 minutes of iReady (Math).

These times are a guide and are based on the average child's ability and concentration. Some home learning assignments may take less time and others may take a little more time. A child who does not complete class work in class may have to complete class work in addition to home learning.

Home learning is posted weekly by teachers via the teacher's website which can be found under the Faculty/Staff section in the school's website.

Parents have many opportunities to volunteer their time at school.
